Shalom Rowing's proud history began in 1989. The success of Shalom Rowing has been built on a foundation of hard work by many volunteers over the past 24 years. Their efforts have provided Shalom Rowing with an impressive fleet of boats, trailers and other vital rowing equipment.

Shalom's rowers participate in the annual Bundaberg District Secondary School Sport Head of River Rowing competition. Many of Shalom's rowers excel and advance to compete at both School and Club Championship Regattas at events across Queensland. Shalom Rowing's profile is increasing with exposure at all levels of competition within the state and on a national level with multiple media opportunities.

Participation in the sport of rowing at Shalom College continues to grow. To cater for our current rowing squad and to meet expected growth, Shalom Rowing is looking to enhance our ability to participate in competition at the highest level by upgrading our boats and equipment. This is your opportunity to share in Shalom Rowing's vision of providing the best possible equipment and facilities for our rowers, coaches and volunteers.

To meet our objective, Shalom Rowing seeks your support as a corporate partner to share in our sporting achievements. Shalom Rowing is offering this exciting opportunity to corporate organisations which will provide exposure on a local, state and national level.

Shalom Rowing invites you to be a partner in our future by taking advantage of one of our exciting sponsorship packages.
